## EUROSIO "Who is Who" Guide

### *Name of the organisation*

<i>Organization Legal name:</i>	<b>Siltronic AG</b>
<i>Organization short name:</i>	Siltronic
<i>Internet homepage:</i>	<b>www.siltronic.com</b>

### *Contact person*

<i>Name:</i>	<i>Feijóo</i>	<i>Title:</i>	<i>Dr.</i>
<i>First name:</i>	<i>Diego</i>	<i>Sex:</i>	<i>male</i>
<i>Phone:</i>	<i>+49-8677-831821</i>	<i>E-mail:</i>	<i>diego.feijoo@siltronic.com</i>
<i>Postal Address</i>	<i>Johannes-Hess-Strasse 24, 84489 Burghausen, Germany</i>		

### **Other Senior Researchers:** (5 names)

Dr. Atsuki Matsumura  
Dr. Peter Storck

### **Experience and expertise fields:** (50 words)

Siltronic is a global leader in the market for ultra-pure silicon wafers and the partner of numerous leading chip manufacturers. Siltronic develops and manufactures wafers with diameters of up to 300 mm at production sites in Europe, Asia, Japan and the United States. Silicon wafers form the heart of modern micro- and nanoelectronics – for computers, mobile telephones, Internet, DVD players, flat-panel displays, navigation systems, airbags, computer tomography machines, aircraft control systems and many other applications.

### **Facilities and Equipment:**

SIMOX, strained Silicon

[IST-1-506653-CA]

**Three last international research projects:**

German funded BMBF “TeSiN” project

MEDEA+ “Silonis.
